We Thrive on Innovation • We Value Community • Learning is Fun! • We Promote Well-Being

# Join us for fun this summer as we explore new adventures each week!

## **Week 1: Burst into Summer!**

This week is all about team building, social development, and things that explode! We want students to start their summer with confidence.

## **Week 2: Let it Grow!**

Students will immerse themselves in the cycle of nature by working with plants.

## **Week 3: Film Festival**

We are all artists with a vision of the world! Students will be able to express themselves through the art of film.

## **Week 4: Olympic Games**

Summer Olympics has arrived at Innovation Learning! Students will showcase their skills and work together to reach for the gold medal!

## **Week 5: Around the World**

Students will learn different cultures to understanding inclusivity and representation of different beliefs and values.

## **Week 6: H2O**

Learn about the ecosystems in saltwater and freshwater environments and the animals that call those places home.

## **Week 7: The MicroVerse**

There's so much in this world that we can't see, and we want to learn about it. Students will engage in hands-on activities utilizing the engineering design process.

## **Week 8: Carnival**

Students will celebrate the end of summer by creating innovative carnival games and families will join us as we play together on our last day.
